

JUST4RENT BLOC

Just4Rent Bloc is a dedicated rental shoe, made to offer a higher performance alternative to conventional rental shoes. The tough knitted textile upper allows the shoe to be cold machine washed to keep them fresh. With a more asymmetric last shape and highly durable rubber, Just4Rent Bloc is the ideal bouldering gym rental shoe.

The upper is constructed from washable, tough and breathable knitted textile making it easy to keep them fresh and hygienic. Our unique IRS construction combines the rand and sole as a single piece of rubber, eliminating delamination and placing 6mm of durable rubber in the high wear zone at the toe.

Just4Rent Bloc features a comfortable, yet slightly downturned last shape, helping introduce newer climbers to a more precise fit. Hook and loop straps make them fast and easy to put on. Rubber coverage over the top of the foot aids friction on toe hooks. The heel tabs feature a stitched-on size label and a press stud to fasten a pair together, speeding up the rental process. Finally our durable Endurance™ rubber will ensure they survive the rigours of rental use.
